

Editorial Page of the Times Virginian

Look at the TWO PICTURES ABOVE. STUDY them carefully! They are views, taken this week, of our Cemetery here in APPOMATTOX.

The profusion of vegetation you see is mostly WEEDS, BUSHES, and UNDERGROWTH. These are typical views. We have other photos of graves in our desk. We do not know whose lots they show, nor whose graves.

There are ten or twelve very well maintained lots at our Cemetery.

We imagine they hire someone to keep them in good shape. Most of the remaining fifty or more lots are like the above pictures. We do not care to argue the point as to why a town should have a well kept cemetery, or why our respect for the sainted dead should make us attentive to their resting place. We won't argue those points for the simple reason that all know them to be true. It's just a matter of lack of co-operation and of letting things DRIFT along without adequate attention.

Our simple suggested solution is this: Let's arrange for a general CLEANING and beautifying of the cemetery. Then arrange for REGULAR MONTHLY MAINTENANCE. It will take a lot of work and cooperation. Once it is put in shape, it can be kept that way. LET'S DO IT NOW! LET'S FORGET!

EDITORIAL

BOSSSES OR LEADERS

An article by some agricultural authority points out the difference between bosses and leaders as follows:

1. The boss drives his men, the leader coaches them.
2. The boss depends upon authority, the leader on good will.
3. The boss inspires fear; the leader inspires enthusiasm.
4. The boss says "I", the leader says "we".
5. The boss assigns the tasks, the leader sets the pace.
6. The boss says "Get here on time," the leader gets there ahead of time.
7. The boss fixes the blame for the breakdown; the leader fixes the breakdown.
8. The boss knows how it should be done, the leader shows how.
9. The boss says go; the leader says "Let's go."
10. The boss makes work a drudgery; the leader makes it a game.

MAJOR INDUSTRY NOW

A census reveals the fact that there are 2,500 kinds of perfumes, 1,200 varieties of face powder, 550 compact, 700 talcum powders, 650 rouges, 164 dental creams, 305 toilet creams, 212 hair tonics and 232 shampoo preparations.

FEEBLE EFFORT

For a political candidate faced with the task of fanning sentiment against one of the most popular presidents the nation ever had, Alf Landon's address at West Middlesex last Saturday was the feeblest effort this paper has ever read.

With people all over the nation anxious to find out what Landon, the "Unknown" really believes, he came out with a vague, brief, and colorless copy-book essay on "Americanism." No wonder we read there was "recited applause."

As the campaign progresses, we are likely to see this take place for the Democrats, the presidential candidate will do the talking; for the Republicans, the speechmaking will be headed by the vice-presidential candidate, Col. Knox in a very effective speaker. From now on he will carry the brunt for the anti-New Dealers. If the Republicans are wise, they'll keep the Kansas Coolidge in the background.

GET READY NOW

County schools will start again in a very few days. September 17 is just "around the corner." Before your child enrolls this year, would it be a good idea to have his or her eyes tested and a visit made to the dentist? Modern education is a major cause of failures and a feeling of inferiority in competition. Later on your child will be given careful physical inspection at school but we suggest that the parent may well have defects corrected now before school starts.

Roosevelt leaves on drought inspection trip to West.

THE SOUTH LEADS

Last year bright tobacco averaged \$19.50 per hundred weight. The average for the past four years is \$23.00 or better. This is good news for the tobacco producers. It is due to an all-time high domestic demand, expected to reach 145 billion cigarettes this year, and to a marked improvement in export conditions.

The South is leading America to new era of prosperity. It shows no sign of slowing down. No one expects dark tobacco to bring a \$25 average this fall, but the outlook is very encouraging. Yes, "It's True What They Say About Dixie." All and all, it's the most happily situated part of the nation.

Report Shows Big Interest, T. B. Seal

Richmond, Aug. 26. Figures released by the Virginia Tuberculosis Association today indicated definitely that its program of education and preventive work throughout the state is sharing proportionately in the general upswing of business.

I came from the sale of Christmas Seal last season, based on reports from all city and county branches, so far has reached a total of \$77,921, compared with \$50,600 received in 1935, the all-time high record.

Under the terms of the agreement with local representatives in all parts of the Old Dominion, the Association has just mailed bonus checks distributing \$8,000 as a reward for work done in each county.

Of the aggregate sum received from the sale of Christmas Seals, the state association has turned back a total of \$57,163 to the counties and cities. \$15,981 was retained for the state association, and \$3,906 was allocated to the National Tuberculosis Association.

Roosevelt and Landon to meet in drought conference at Des Moines.

Germany moves to greatly increase army.

New York Giants move into national league lead.

British liner, Queen Mary, sets a new Atlantic speed record, as Landon speaks to 40,000 at birthplace at West Middlesex, Pa.

Huge shipment munitions leaves Mexico for Spain.

Fluents make thousands homeless in Mexico.

Spanish government searches British ship off Morocco.
